

HOPE TO END
THE TANGLEIf Serbia Will Only Delay a
Few Days

ENGLAND TO AID TURKEY

The British Admiralty Has Sent Twelve
Ships of War to the Aegean Sea—
a Conference in London
To-day.

London, Oct. 10.—England fears that Serbia will precipitate a European war before the Balkan tangle can be unraveled by the powers. If Serbia will delay but a few days, it is believed that England, France and Russia can effect a peaceful settlement. England has sent assurances to Turkey that she will checkmate the reported plan of Egypt to throw off Turkish suzerainty.

The admiralty announced to-day that it soon will have twelve ships in the Aegean sea. The English foreign secretary and the Russian foreign minister are conferring to-day. It is expected that the meeting will definitely settle the attitude of the "triple alliance."

LONDON THE CENTER.

Of Diplomatic Interest in The Balkan
Situation.

London, Oct. 10.—The center of diplomatic interest in the Balkan situation was transferred from Paris to London by the arrival here last night of M. Loubet, the Russian minister of foreign affairs, who purposed a conference with Sir Edward Grey, the British minister of foreign affairs, concerning the situation and particularly with regard to a concert of the powers to settle the outstanding difficulties.

BELGRADE IS WILD
WITH EXCITEMENTComplete Reaction From The Calmer
Feeling of Yesterday—War of
Some Sort Seems Inevitable.

Belgrade, Serbia, Oct. 10.—There was a complete reaction today from the calmer feeling of yesterday. The Skupstina met this morning amidst scenes of the wildest excitement. It is morally certain that the parliament will grant the people war. Serbia has the sole alternative of a war against Austria or a civil war.

Belgrade, Serbia, Oct. 10.—Theatre square yesterday was the scene of renewed demonstrations by the populace. They were directly mainly against the government, the demonstrators demanding the resignation of the cabinet.

The already strong movement against King Peter is growing in strength, and the organizers of it are demanding that he either declare war against Austria-Hungary or abdicate in favor of his son, Crown Prince George.

CARNEGIE GIVES
\$20,000 TO ELECT TAFTAnnouncement Made Also That Mrs.
Russell Sage Has Contributed
\$1,000 to The Same End.

New York, Oct. 10.—The fact that Andrew Carnegie has contributed \$20,000 to the campaign fund of the Republican national committee was announced yesterday by Timothy L. Woodruff, Mr. Woodruff also announced that Mrs. Russell Sage has contributed \$1,000 to the same fund. The chairman said that he was informed of these contributions by General Stewart L. Woodruff. There have been no other contributions from individuals, Mr. Woodruff said.

An appeal for contributions to the Republican national campaign fund of \$50 each from 10,000 business men was issued yesterday by George R. Sheldon, treasurer of the Republican national committee. The appeal reads as follows:

"The legitimate expenses of the Republican national campaign are necessarily large. Under the law, corporations may not contribute, and we therefore ask individuals to contribute more generously."

"Many would-be contributors are deterred from subscription lest the amount when published be the subject of comment as being too small, or, on the other hand, too large."

"I have therefore determined to ask a uniform contribution of \$50 from say 10,000 business men so vitally concerned in the continuance of Republican principles. I hope you will place your own on this roll and send me your check for which an official receipt will be sent you."

BIG CROWDS FLOCK

Stormed By Thousands Long Be-
fore The Opening of

CHANCE CAN'T SPEAK.

Because of The Rowdy Blow Given Him
in New York.

Detroit, Oct. 10.—The Chicago National league team in addition to President Murphy, Secretary Williams arrived from New York yesterday afternoon. All of them except Captain Manager Frank Chance are in perfect form. All of them except Captain Chance was struck in the throat by a rowdy while leaving the field after yesterday's game in New York, and the blow injured a cartilage in his throat and affected his vocal cords so that he can barely speak above a whisper today. While annoying the injury will not prevent the Chicago leader from taking his place at first base today. Immediately upon his arrival Captain Chance called on a throat specialist.

"The boys are in fine shape," said Captain Chance, "and I feel confident that we can win another world's series from the Detroit Tigers."

Manager Hugh Jennings had his American league champions on the field at Bennett park all the morning yesterday giving them their final practice for the first of the games which mean so much to them.

TO LET THE MATTER DROP.

Brush Says The New York Club Will Not
Contest So-called Tie.

New York, Oct. 10.—President Brush of the New York National club late yesterday said that the matter of the so-called tie New York-Chicago game of Sept. 23 would not be taken to the federal courts in the form of a request for an injunction prohibiting the Chicago club from playing the world's championship series with Detroit, beginning to-day.

"We are too good sports for that," said Mr. Brush. "We shall not contest the matter further. We believe the pennant is ours technically; there is no doubt about this. From a sportsman's point of view it is inconceivable how anyone can look at this matter otherwise. But, so far as we are concerned, the matter will remain as it is."

"We are proud of our record, and have such emphatic and constant assurances from far and near as convince us that our position is generally upheld. We fought to a finish, and believe we stand on our record as good sports."

TOO LATE FOR CLEVELAND.

Team Has Disbanded and Can't Play
The New Yorks.

Cleveland, Oct. 10.—A telegram was received from John T. Brush of the New York National league club, by the Cleveland News yesterday approving a suggestion that a series of post-season games be played between the New York and Cleveland clubs. The management of the Cleveland club was at first favorably impressed with the proposition. At the conclusion of a conference late yesterday afternoon of the officers of the Cleveland club, however, it was disbanded and the players widely scattered. It was too late to play the games and Mr. Brush will be notified accordingly.

FIND SUICIDE
IN HOUSE FIREJohn Dahlgren of Lowell,
Mass., Had Killed Himself

DISCOVERED BY FIREMEN

Either Crazy Over Inability to Meet Last
Payment on Property or May Have
Hanged Himself When He Ac-
cidentally Fired the House.

Lowell, Mass., Oct. 10.—The firemen made a startling discovery when they were called this morning to extinguish a fire in the house of John Dahlgren. Entering the house they discovered the lifeless body of Dahlgren with a rope around his neck. The flames were extinguished before they reached the body of the suicide.

Dahlgren was a thrifty Swede, and he had just built the house. There are two theories regarding the fire and the suicide. One is that Dahlgren worried so much over the last payment on the new property that he decided to end his troubles by deliberately setting fire to the house and then killing himself. The other theory is that he set fire to the house by accident and that when he found that he could not extinguish the blaze he became so frenzied that he went and hanged himself.

Dahlgren was fifty years old and leaves a wife and family.

STRANGE SUICIDE
OF MAN AND WOMANBound Together With Rope and Their
Bodies Were Found in Jamaica
Bay Today.

New York, Oct. 10.—Bound face to face with rope and wire, the bodies of a man and a woman, both expensively clad, were found today in Jamaica Bay. The theory of suicide was indicated by the fact that to the woman's wrist was a wired bag containing \$10. The woman was a blonde and was about thirty years of age. A wedding ring was on one finger. The man's effects all pointed to the fact that he must have been a man of means. Bodies were unburied.

WOMAN SHOT HERSELF.

Mrs. Mabel Osborne Tried to Commit
Suicide.

Boston, Oct. 10.—A woman, whose name is given by the police as Mrs. Mabel Osborne, attempted suicide about 3:15 o'clock yesterday afternoon by shooting herself in the right side of her head with a revolver while alone in a suite on the third floor of the apartment hotel known as Madison place, in the rear of 1088 Washington street.

The shot aroused the dwellers in adjoining apartments, who called the janitor. The police were notified and Mrs. Osborne was hurried to the City hospital. Late last night it was reported that her condition was serious.

E. C. Osborne, in whose apartments the shooting took place, said last night that the woman is not his wife, but his housekeeper, that her name is Mrs. Mabel Johnson, that she was about 30 years of age. She has been in his employ as housekeeper, he said, since he went to live at the Madison place house about a year ago. He could ascribe no reason for the woman's act.

He did not know of the shooting until about an hour after it happened, when he was notified by telephone from the City hospital. Mr. Osborne said he did not know where his housekeeper belonged, but thought she came from Manchester or Concord, N. H., and he felt quite sure that she had no relatives in Boston.

LONG SOUGHT WITNESS.

Arrest of Lottie Carroll May Prove of
Importance.

New York, Oct. 10.—Through the arrest yesterday of Lottie Carroll of Brooklyn, on a charge of larceny, the police believe they have secured the missing link of evidence, which may connect Theodore Whitman, as principal witness, with the murder of his wife, Mrs. Lena Whitman in the "Lampblack swamp." Harison, N. J., last Christmas night. A. J. Carroll had been mentioned by Whitman at the first trial, as one by whom he could prove an alibi, but the girl was not found although she formerly lived at the furnished house kept by the Whitmans in Brooklyn.

A detective recognized Miss Carroll when she was arraigned in court yesterday. To the detective she said she saw Whitman and his wife leave their house together at 7:30 o'clock on Christmas night. Miss Carroll said also that Mrs. Whitman told her on Christmas she had quarreled with Whitman. Whitman had denied that he was with his wife on Christmas night.

The jury at Whitman's first trial disagreed, and he is now awaiting a second trial.

WILLIAM DENIES IT.

Says He Is Not Back of Austria's Ac-
tion in Balkan Affairs.

Constantinople, Oct. 10.—Baron Von Eberstein, the German ambassador, had a long conference today with the Turkish grand vizier, at which it was denied unequivocally that Emperor William was a party to Austria's action. A boycott of Austrian, Bulgarian and German products was started by the Turkish merchants today.

FIVE CHINESE MEN
ARRESTED IN BURLINGTONIt Is Suspected That They Were Smug-
gled Into The United States—A
White Man Also Arrested.

Burlington, Oct. 10.—Five Chinamen and a white man, Alphonse Lamothe of Stanbridge Station, Que., were arrested yesterday and placed in the Chittenden county jail. The Chinamen will probably be charged with violating the Chinese exclusion act and Mr. Lamothe with violating the alien labor law.

Customs Inspector C. L. Alexander of this city notified the police department several weeks ago to be on the lookout for stray Chinamen and yesterday morning at 3:30 o'clock Officer Fraser discovered five "chinks" and a white man wandering about Cherry street. He notified Acting Chief Ryan, who in turn notified Mr. Alexander.

In the meantime the Chinamen and white had disappeared. They were followed up Pearl street to Orchard terrace, however, where trail of them was lost.

Officer Fraser procured a team and drove down the Winslow road, where he discovered Lamothe with his clothes covered with mud and his shoes covered with mud. The Chinamen were then detained at the police station.

After Lamothe had been brought to the police station A. J. Cayo and Henri J. Imoges, who had been in the chase at the request of United States Deputy Marshal Thomas Reeves, identified the suspect as the leader of the Chinamen who they were first seen on the street.

Officer Fraser and Inspector Alexander then made another search in quest of the Chinamen, this time driving up Pearl street to Colchester avenue and thence to Winslow. While returning over the Winslow road the five Chinamen suddenly rose up out of the darkness beside the roadside and a few feet from where Lamothe was discovered. The "chinks" were hustled into the wagon and taken to jail.

A partial hearing in the matter of the Chinamen was held in the afternoon before Inspector Weeks and later the Chinamen were taken to Richmond by Mr. Weeks, where they will be held in the Chinese detention house. It is expected that a full hearing will be held there today.

The case of Lamothe will await the action of District Attorney Dunnatt.

A DAY OF SENTENCES.

Rutland County Court Did Big Criminal
Business.

Rutland, Oct. 10.—Yesterday was a big day in Rutland county court as regards criminal cases, three men being sentenced for very serious offenses and two informations being filed against another. On recommendation of State's Attorney R. A. Lawrence, breach of the peace cases against Paul Cella, Thomas Fox and Edward J. Sheehy, grocers on Green street, were dropped because the strike is settled.

Giovanni Ciola, an Italian, who was indicted on a charge of being an accessory after the fact in the murder of Accarito Sontoro last July, pleaded guilty yesterday after an information filed by the state's attorney charging simple assault and he was sentenced by Judge Haseltin to serve not less than three years nor more than five years at hard labor in state prison. Ciola could not be held as an accessory after the fact because there is a Vermont statute that provides that a respondent cannot be prosecuted for homicide if he has been previously convicted of murder. Santoro, is Giovanni's brother.

An information charging simple assault has also been filed against the Rev. Francis Crociata, also indicted as an accessory after the fact in the same murder. The information does not reduce the severity of the charge against the priest, because his brother, Gaspar, also under indictment, was not a principal in the case. Therefore the priest faces both charges.

George E. Carrington was fined \$50 and costs by Judge Haseltin for tearing signs last July from freight cars bearing shipments from the F. R. Patch Manufacturing company of this city. This is a case growing out of the famous Patch strike.

Joseph Willard was sent to the house of correction for not less than three nor more than five years for burglarizing the stores of Joseph Levy and H. W. Cheney in August. He made a confession implicating two others who are not yet in custody.

Fred Genette, who was the principal in a stabbing affray at Shrewsbury Wednesday night is named as respondent in an information charging assault with intent to kill and one charging simple assault filed by the state's attorney.

SENSATIONAL
ACTION MADEAgainst Receivers of Colum-
bian Marble Company

LIEUT. GOV. MEADE IS ONE

The Minority Bondholders Claim Mis-
feasance, Fraudulence and Negli-
gence, and Ask for Discharge
of the Receivers.

Rutland, Oct. 10.—The minority bondholders of the defunct Columbian Marble Quarrying company of this city have petitioned the chancery court to remove the receivers of the concern, who are Lieutenant Governor John A. Meade, President H. F. Field of the Rutland County National Bank, and Newman K. Chaffee, charging misfeasance, fraudulence and negligence.

The principal criticism is directed against Lieutenant Governor Meade. It is alleged that he used fraudulent means to obtain the first mortgage bonds and that he made President J. F. Manning a tool to accomplish his purpose. They ask that the receivers be discharged without compensation for their two years' work. It is stated that an investigation will be made with a view to force them to refund any money lost in alleged mismanagement.

Livermore Falls.

Livermore Falls, Me., Oct. 10.—A gang of strike-breakers numbering 25 arrived here yesterday from Albany, N. The men were escorted to the mill by two detectives who came with them, and special police officers. More strike-breakers will be brought here during the next few days, he said, to run the rest of the ten machines in the Chisholm mills.

TO PUMP WATER
FOR MONTPELIER USEA Special Meeting of the City Council
Was Held Last Night to Consider
Plans to Relieve Situation.

A special meeting of the Montpelier city council was held last night to take steps to remedy the threatened shortage of water from the Berlin pond supply. It was reported that the situation is getting acute. The council has ordered that water be shut off from all elevators in the city, also from the big motors and from use in case.

On account of the contour of the land about the Berlin Pond supply, it is not feasible to pump water from the main pond direct into the water main, so they will begin at once to pump from the larger pond into what is known as the lower pond. It was found last night that the city would have to purchase a new pumping apparatus, and the matter was referred to the water committee, to Water Supt. Smith and to Mayor Dawley.

tive Union Adjusts Prices.

Prices have also been adjusted with Merritt & Porter of Lynn on the Beals process, also with P. A. Field of Salem on the same kind of work. Lists presented to G. F. Fair & Co. of Marblehead and the Davis Shoe company of Lynn are pending, but agent Houle expects that they will be signed next week.

STONE SLID
ONTO THEMTwo Quarrymen Were Injured
To-day

AT JONES BROS. QUARRY

One of Them May Lose a Leg and the
Other Will Be Deprived of Two
Toes at Least—Brought to the
City Hospital.

Suffering from injuries received in an accident at the Jones Bros.' company's light quarry at Webstersville, two men were brought to the City hospital this afternoon for treatment. One of them, Frank Lucas, may lose his left leg, and the other, Frank Alva, who was more fortunate, will lose two toes, and perhaps sustained other injuries.

The quarrymen were at work at 11:30 this forenoon prying out a large block of granite. The block had been raised onto rollers, and it was only necessary to pry it with bars to start the granite out. The floor of the quarry slopes at that point considerably, and the little start given the granite caused it to slip on the rollers quite rapidly. The two men were in front of the stone and using a bar. They were too slow in getting out of the way, and the huge chunk slid onto them and pinned them down.

As soon as possible the granite was raised and physicians were summoned. Drs. Bailey and Hayes responding. It was thought best to send the men to the City hospital, where they could be treated easier, and accordingly Badger's ambulance from this city was sent up to Webstersville after the men this afternoon. Both men are Spaniards and are thought to be unmarried.

BODY IDENTIFIED
BY PECULIAR CLOTHESMan Killed at Montpelier Had Been Em-
ployed on New Power Plant at
Kinney's Mills Until
Recently.

The body of the man found on the track of the Central Vermont railroad at Montpelier yesterday morning has been identified as that of a workman who had been employed at the Corry-Deavitt-Frost power plant at Kinney's Mills, and he was known as Domestica Cartelli, the name written in the blank book found in the clothing. The identification was made by means of a peculiar check to the trousers and by a cap which was found nearby.

The man was a good workman and was well liked by his fellow-employees and by his employers. He quit work and was paid off on Monday because he did not want to work on Sundays. The finding of some \$33 in his pockets is thus accounted for. When he left the working gang at Kinney's Mills, he said that he was going to Waterbury, Conn., where he could get a job. He was a temperate fellow and never drank, which does away with the theory that he was drunk when killed. It is probable that he tried to board a train. The trains move somewhat slowly at the point where the body was found, and it is probable that he figured that he could board the train with safety.

The body will be buried by the city of Montpelier if no one appears to claim it, and it does not seem probable that anyone will come forward. He is not known to have had any relatives hereabouts.
